Innovative Continuing Education, LLC

Accredited CE in Control of Content Annual Financial Relationship Disclosure Form

Organization: Minnesota Orthopaedic Society (MOS)

Event: MOS' Annual Meeting

Date: 5/3/24

**Questions Contact: Rosemary at Office@mnorthopaedic.org or
(952) 929-9398**

Purpose: The information you provide addresses requirements of the Accreditation Council for Continuing Medical Education (ACCME) to help ensure integrity and independence in accredited Continuing Education (CE) activities. Everyone in a position to control the content of an accredited CE activity must disclose all financial relationships with ineligible companies, within the past 24 months (whether the relationship has now ended or is currently active) to Innovative Continuing Education, LLC (ICE).

The Standards for Integrity and Independence in Accredited CE require that ICE disqualify individuals who refuse to provide this information from involvement in the planning and implementation of accredited CE. ICE must mitigate relevant financial relationships and disclose these relevant financial relationships to participants prior to the beginning of the activity.

Definition: An ineligible company is any entity whose primary business is producing marketing, selling, re-selling, or distributing healthcare products used by or on patients.

Please disclose all financial relationships (any amount) that you have had in the **past 24 months** with ineligible companies. You should disclose all financial relationships regardless of the potential relevance of each relationship to the education.

9. General Information

Name:

Presentation Title:

10. Role: Check all that Apply

- Presenter**
- Author**
- Course Director**
- Moderator**
- Planning/ Approval Committee**
- Comment**

Yes

Name of Company(s)

20. Other (Describe):

Yes

Name of Company(s)

Mitigating Relevant Financial Relationships

Should ICE determine that a disclosed financial relationship is relevant, ICE will begin a series of steps to mitigate the relevant financial relationship and identify what, if any, action is necessary. The review of content will identify potential bias and ensure content is aligned with interests of the learner. Only when the relevant financial relationship has been mitigated may the individual participate in the activity.

21. Validation Statements

ICE supports the validation of clinical content for all accredited CE activities. Please review the following statements and indicate your intent to comply with each expectation.

Check the following statements you agree to abide by:

- All recommendations for patient care in the activity, must be based on current science, evidence, and clinical reasoning, while giving a fair and balanced view of diagnostic and therapeutic options.
- All scientific research referred to, reported, or used in the activity, in support or justification of patient care recommendation, must conform to the generally accepted standards of experimental design, data collection, analysis, and interpretation.
- The content will not advocate for unscientific approaches to diagnosis or therapy, nor promote recommendations, treatment, or manners of practicing healthcare that are determined to have risks or dangers that outweigh the benefits or are known to be ineffective in the treatment of patients.

22. Signature & Attestation: I attest this annual disclosure is correct and complete and will provide any updates/changes to the status of this information during the next year.
